

Dear Sirs:

Please keep the no-call option for citizens in all states. We pay our phone bill and we should have some say as to who is allowed to call us. We only give out our number to friends and businesses that WE choose.....we should not be pestered by the hassles of solicitation from unrequested sources.

I used to get many calls....especially in the evening when I want to spend time relaxing with my family. Now, thanks to the no-call list, my evenings are mine once more. Don't take that away. I don't know how many people will ever respond to sales like that anyhow. I know that when I used to get called by somebody trying to sell me anything I would do one of two things. If I was in a good mood, I would just hang up on them. If I was feeling less than agreeable, I would swear at the person who called and THEN hang up on them. I don't need others to tell me how and where to spend my money!

Thanks for listening.
